

# NuTOUCH™

## 7" Touch Panel Digital Picture Frame

- High quality 7" TFT LCD Display
- Illuminated Touch Sensor array for easy control and navigation
- Generous 128MB internal memory for local storage
- Built-in CF/SD/XD/MMC/MS Memory Card Slot
- Internal Battery, When portability is a must
- Plays JPEG images, and Audio
- Built-in Speaker
- USB Port for PC
- Sleek Decorative Design
- Desktop Stand

The Nu-TOUCH 700 accepts CF/SD/XD/MMC/MS cards for maximum compatibility with major digital cameras. The unit is light, portable and easy to use. A great companion to your digital camera and an excellent way of showing off your pictures to family and friends. And don't forget the "T-Lite" touch sensor array for easy to use controls to manage and customize the slide show and player functions.

The Nu-TOUCH 700 is a full feature Digital Frame with substantial premium features not found elsewhere. The Nu-Touch 700 sports a high resolution, bright 7" TFT screen that displays digital photos in vivid color. Set up as a slide show and play directly from a memory card. Includes a bonus audio slideshow function, so you can listen to music while a slideshow is playing. Equipped with 128MB of internal memory, nearly 800 photos can be stored internally. Navigation and management is a snap using the "T-Lite" touch sensor array, which illuminates for easy use, and disappears while a slideshow is playing.
